Pete McNeil Importance of ASE.docx

---

McNeil's Auto Care operates two shops in Utah, the original location in Sandy, UT and the new location which opened in 2019 in Riverton, Utah. Pete and his team provide the highest quality service to their customers and McNeil's utilizes many AutoCare programs to drive bay traffic and increase AROs.

Since 1982, McNeil's Auto Care has built a reputation of providing superior quality work in the automotive industry. This is exemplified by their many achievements and accreditation's including being ranked #1 in customer satisfaction by AAA. In 2018 McNeil's expanded their Sandy location to 16 bays to accommodate their partnership with local schools for continued growth of their Apprenticeship program, which served as the foundation for the National Apprentice program launched by NAPA AutoCare in 2019.

McNeil's Auto Care is heavily involved in the automotive industry. Pete and his team dedicate time to the industry including judging Skills USA Competitions and dedicating bays in the business to training. McNeil's also won the 2018 Apex Award for Business Partner of the Year from the Canyons Board of Education and Administration for their partnership with local schools to educate and train aspiring technicians. Pete is dedicated to having a well-trained staff, with over 64 ASE Certifications, as well as 4 pending work experience. Pete's lead technician, Jake Sorenson, was also the 2019 NAPA/ASE Technician of the Year winner.

In addition to heavy involvement in the automotive industry, Pete and his team find time to give back to the local community through Church activities, car wash and Golf fundraisers, multiple charity events and a Van donation to a local deserving couple. They also donate their time and money to community cleanup days and Scholarship Funds. As you can see, McNeil's Auto Care is not just an asset to the NAPA family, but the aftermarket industry as a whole.

McNeil's is a proud sponsor of the INTREPID FALLEN HEROES FUND. The Intrepid Fallen Heroes Fund is a non-profit organization that provides support to United States Military personnel wounded in service to our nation, and their families. Began in 2000 and in 2003 was established as an independent not for profit organization. Since its inception, the Fund has provided almost \$150 million in support for families of US Military personnel lost in service, those who are severely wounded and veterans. The Fund relies solely on the public for donations. 100% of contributions go directly to its projects with nothing deducted for administrative expenses.
